**SIMON FRASER UNIVERSITY
FACULTY OF ARTS**

**PROPOSAL FOR A BACHELOR OF ARTS DEGREE PROGRAM TO BE OFFERED IN
CONJUNCTION WITH FRASER VALLEY UNIVERSITY COLLEGE AT FRASER
VALLEY UNIVERSITY COLLEGE**

This proposal is for a Bachelor of Arts degree to be offered at Fraser Valley College in conjunction with S.F.U. for a limited period of time. Both institutions will gain by the mutual respect and broadened collegiality arising from their cooperation in implementing the degree plan outlined below. It is to be hoped that collaboration between SFU and UCFV in affording new educational opportunities to the public will continue well beyond the period of any formal agreements established between them.

GENERAL DESCRIPTION

The University College of the Fraser Valley offers a Bachelor of Arts Degree based on two extended minors in cooperation with Simon Fraser University. An extended minor consists of lower division courses required for an academic major at SFU, and the upper division minor requirements. Students earning the B.A. Degree at UCFV will be required to do two extended minors. This program, oriented toward both depth and breadth, is particularly suitable for students preparing to teach in the B.C. school system.

Upon completion of 60 credits which can be transferred to SFU, students wishing to proceed to do the B.A. at the University College of the Fraser Valley must make a formal application for admission.

Requirements for Admission:

1. Students must have completed 60 credits of university courses which can be transferred to SFU in order to enter the B.A. Degree program. Applicants must have a minimum Grade Point Average (GPA) of 2.00.
2. Applicants who have completed the first 60 credits at another public college in British Columbia, or at a provincial university, will be accepted on the same basis as students from the University College of the Fraser Valley.

Note: Students on probation or with an unsatisfactory record at college or university will not be accepted.

Bachelor of Arts

Note: Since this program is offered under the guidance of Simon Fraser University, special conditions will apply. Some expected limitations are noted below. Check the UCFV Calendar supplement for more details.

- a) The entrance requirements refer to courses that are transferable to SFU. Other courses will not be considered.
- b) No grades less than C are assured of transfer credit.
- c) For students transferring to UCFV from elsewhere not more than 60 transferable credits will be applied to the program.

Program Requirements

Students must complete a minimum of 120 credit hours and achieve a 2.00 cumulative GPA, a minimum GPA of 2.00 in each of their extended minors and a minimum overall GPA of 2.00 in upper division courses taken. The following requirements must be met:

1. at least 65 of these 120 credit hours must be in Arts subjects, and
2. at least 45 of these 120 credit hours must be in 300 or 400 division courses, and
3. at least 15 credit hours at the 300 or 400 division in each of two extended minors.

Extended Minor Requirements:

An extended minor will normally consist of the lower division major requirements and the upper division minor requirements in a subject area. Students must complete two extended minors.

4. At the 100 and 200 division a student's courses must include those noted below in items 6 through 10, as well as any prerequisites for the 300/400 division courses.
5. Breadth Requirement: The 120 credits for the B.A. must include at least 30 earned in 5 or more subject areas of which one may be one of the extended minors disciplines. Within this set of 30 "breadth" credits, no single subject area can have more than 12 credits which count toward the breadth requirements. (Note: These breadth requirements will be met in part by fulfilling requirements 6 through 10 below.)
6. Literacy Requirement: Students must take either English 105 or Communications 300. This requirement may be waived for students who achieve a CPT (Composition Placement Test) score of 67 or better. Such students would take an elective course instead.
7. Reasoning Requirement: Students must take at least one of:
 - Computer Science 150 or 160,
 - Criminology 220,
 - Mathematics 094/095 through Mathematics 111,
