MEMORANDUM

To SENATE
(FOR DISCUSSION)

From R. A. IRONSIDE

Subject NOTICE OF MOTION - FACULTY OF
SCIENCE REQUIREMENTS

Date JANUARY 15, 1976

MOTION: "That the Faculty of Science requirement 1.c)
for the B.Sc. degree, major and honors, as
listed on pages 293 and 294 respectively of
the 1975-76 calendar, be changed from:

'c) a minimum of 6 semester hours of electives
in subjects taken outside the Faculty of Science
(excluding EDUC 401, 402 and 405).'

to:

'c) A minimum of 6 semester hours of electives
in subjects taken within the Faculty of Arts.'

S.76-24

To Harry Evans
Secretary of Senate

From R. Ironside
January 15, 1976.

Subject
Notice of Motion

As I indicated at the last meeting of senate, I would like to place the following notice of motion before the next meeting of senate:

"That the Faculty of Science requirement 1.c for the BSc. degree, major and honours as listed on pages 293 and 294 respectively of the 1975-76 calendar, be changed from

'c) a minimum of 6 semester hours of electives in subjects taken outside the Faculty of Science (excluding EDUC 401, 402 and 405).'

to

'c) a minimum of 6 semester hours of electives in subjects taken within the Faculty of Arts.'"

I believe that the motion will give senate the opportunity to decide whether Science students are somehow qualitatively different than Arts students in their need for a liberal education.
