## MEMORANDUM

To: Members of Senate

From: I. Mugridge

Secretary, Academic Planning Committee

Subject:

Date: November 24, 1972

The Academic Planning Committee has considered all material so far provided which relates to the proposed split of the P.S.A. department and noted the suggested procedures for consideration of the proposal presented to departmental faculty by the Dean of Arts and the Vice-President, Academic, and recently reported by the latter in The Peak.

Although it seems clear that a de facto split currently exists within the faculty of P.S.A. the Academic Planning Committee feels that the material it has studied does not provide an adequate base for developing a recommendation to Senate regarding the proposed separation of the Sociology/Anthropology and Political Science components of the P.S.A. department. Consequently the Academic Planning Committee has asked the two groups to provide such additional information as it may require and has invited all interested parties to present briefs or views to assist in formulating the optimal solution. It is hoped that a final report will be available to Senate during the Spring of 1973.
