

S. M. 1/14/68

Grad. Student Assoc.

Paper S-115

To: Senate

From: Secretary,
Faculty Council

23 February, 1968

Subject: Graduate Student Association

Faculty Council at its meeting of 13 February, 1968, recommended that the Graduate Student Association be recognised as a separate organisation, subject to the following:

1. That undergraduate students be excluded from membership in the Graduate Student Association
2. That the portion of the Student Activity Fee that has been paid by the graduate students be turned over to the Graduate Student Association with the understanding that they will remit a portion of it to the Student Society in relation to services rendered by the Society to the graduate students.

It was also recommended that the Graduate Student Association consider the advisability of introducing a category of associate membership for Teaching Assistants who are not registered as graduate students at Simon Fraser University.

D. A. Meyers
Secretary, Faculty Council
