MEMORANDUM

SENATE

CHAIRMAN OF SENATE

From.....

UNIVERSITIES ACT - SECTION I -
Subject INTERPRETATION

Date MARCH 20, 1975

MOTION -

That Senate approve under Section I - Interpretation, of the Universities Act pertaining to 'faculty member' that for the purposes of nominations, elections and voting the following positions be designated by Senate as equivalent positions -

1. Dean of Continuing Studies
2. Dean of Graduate Studies
3. Dean of Faculty
4. Vice-President, Academic
5. President
6. Assistant or Associate Dean as in 1, 2, 3
7. Assistant or Associate Vice-President, Academic

RATIONALE -

Part I, Section I - Interpretation, of the Universities Act includes the following:

"'faculty member' means a person employed on a full-time basis by a university who has, for four months or longer, served as an instructor, lecturer, assistant professor, associate professor, professor, or in an equivalent position designated by the senate."

In general, persons holding the positions described above also will hold one of the faculty member appointments directly described in the statute, but this is not a necessary condition. The motion above will place these individuals for electoral purposes in the "faculty members" category rather than in the "employees of the university who are not faculty members" category.
